AN ACT

To repeal section 307.173, RSMo, and to enact in lieu thereof one new section relating to tinted windows, with a penalty provision and an emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

Section A. Section 307.173, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 307.173, to read as follows:

307.173. 1. [Except as provided in subsections 2 and 6 of this section, no person shall operate any motor vehicle registered in this state on any public highway or street of this state with any manufactured vision-reducing material applied to any portion of the motor vehicle's windshield, sidewings, or windows located immediately to the left and right of the driver which reduces visibility from within or without the motor vehicle. This section shall not prohibit labels, stickers, decalcomania, or informational signs on motor vehicles or the application of tinted or solar screening material to recreational vehicles as defined in section 700.010, RSMo, provided that such material does not interfere with the driver's normal view of the road. This section shall not prohibit factory installed tinted glass, the equivalent replacement thereof or tinting material applied to the upper portion of the motor vehicle's windshield which is normally tinted by the manufacturer of motor vehicle safety glass.

2.] Any person may operate a motor vehicle with [side and rear windows] **front sidewing vents or windows located immediately to the left and right of the driver** that have a sun screening device, in conjunction with safety glazing material, that has a light transmission of thirty-five percent or more plus or minus three percent and a luminous reflectance of thirty-five percent or less plus or minus three percent. **Except as provided in subsection 5 of**

EXPLANATION — Matter enclosed in bold faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

17 this section, any sun screening device applied to front sidewing vents or windows located
18 immediately to the left and right of the driver in excess of the requirements of this section
19 shall be prohibited without a permit pursuant to a physician's prescription as described
20 below. A permit to operate a motor vehicle with front sidewing vents or windows located
21 immediately to the left and right of the driver that have a sun screening device, in
22 conjunction with safety glazing material, which permits less light transmission and
23 luminous reflectance than allowed under the requirements of this subsection, may be
24 issued by the department of public safety to a person having a serious medical condition
25 which requires the use of a sun screening device if the permittee's physician prescribes its
26 use. The director of the department of public safety shall promulgate rules and regulations
27 for the issuance of the permit. The permit shall allow operation of the vehicle by
28 immediate family members who are father, mother, husband, wife, son, or daughter who
29 reside in the household. Except as provided in subsection 2 of this section, all sun
30 screening devices applied to the windshield of a motor vehicle are prohibited.

31 2. This section shall not prohibit labels, stickers, decalcomania, or informational
32 signs on motor vehicles or the application of tinted or solar screening material to
33 recreational vehicles as defined in section 700.010, RSMo, provided that such material does
34 not interfere with the driver's normal view of the road. This section shall not prohibit
35 factory installed tinted glass, the equivalent replacement thereof or tinting material applied
36 to the upper portion of the motor vehicle's windshield which is normally tinted by the
37 manufacturer of motor vehicle safety glass.

38 3. [A motor vehicle in violation of this section shall not be approved during any motor
39 vehicle safety inspection required pursuant to sections 307.350 to 307.390.

40 4.] Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that
41 is created under the authority delegated in this section shall become effective only if it complies
42 with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section
43 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers
44 vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the
45 effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the
46 grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be
47 invalid and void.

48 [5.] 4. Any person who violates the provisions of this section is guilty of a class C
49 misdemeanor.

50 [6.] 5. Any vehicle licensed with a historical license plate shall be exempt from the
51 requirements of this section.

Section B. Because immediate action is necessary to clarify the laws regarding tinted

2 windows, section A of this act is deemed necessary for the immediate preservation of the public
3 health, welfare, peace, and safety, and is hereby declared to be an emergency act within the
4 meaning of the constitution, and section A of this act shall be in full force and effect upon its
5 passage and approval.
